CHARACTER STORY

Matthew Bridges - Nationally known artifact finding wunderkind at only 24 and already nearly a millionaire

Matthew was 16 years old when he discovered he had powers to see far back into the past. He saw some pretty bad things so he left school and left Chattanooga, TN away from his parents because they're highly religious and he's an atheist. So he was worried they would kill him due to his powers and his beliefs. He left to LA and he did not know what to do. He went to an alienist and talked about everything to her. So she told him about this organization called Mental Alienists where basically they find jobs for people with special abilities, control their powers, and learn to live in a human society. So Matthew joined MA. He spent 2 years at UCLA getting an AA in Archeology and now for 6
