CHARACTER STORY

Matthew Bridges - Nationally known artifact finding wunderkind at only 24 and already nearly a millionaire

Matthew was 16 years old when he discovered he had powers to see far back into the past. He saw some pretty bad things so he left school and left Chattanooga, TN away from his parents because they're highly religious and he's an atheist. So he was worried they would kill him due to his powers and his beliefs. He left to LA and he did not know what to do. He went to an alienist and talked about everything to her. So she told him about this organization called Mental Alienists where basically they find jobs for people with special abilities, control their powers, and learn to live in a human society. So Matthew joined MA. He spent 2 years at UCLA getting an AA in Archeology and now for 6

years he's been collecting rare and expensive items and now he is very rich. He is famous because all he does is go to grassland and parks and see where rarest of ancient people hid their treasure long ago and no one suspects a thing.

Matthew Bridge's isn't his real name. So no one remembers who he really is. (Elijah Forrest, grand-nephew of Grand Wizard Nathan Bedford Forrest) Matthew is very nosy and obnoxious. Matthew is very creative and very smart. He loves to study rare artifacts and history.
